

Low power PCI/SATA/eDP SERDES on Samsung 28LPP & 28FDSOI

- ✓ Production Proven PCIe Gen3/SATA/eDP IP in both Samsung 28LPP and 28 FDSOI
- ✓ PIPE compliant PHY integrates easily with industry standard controllers
- ✓ Low Latency and Low Power and Low Area best suited for Low Cost Wire-Bond Package

SERDES

Low Power and
Optimized Enterprise
class PCIe3 SERDES

Fully flexible metal stack
for low cost applications

Production proven in
Wire Bond applications
